Product Data Sheet

RAM for Acer V5-531 (S005451)

Product specifications

Upgrade capacity	**4GB**
Number of modules	1
Capacity per module	4GB
Module organisation	**512Mx64**
Design	**204pin SO-DIMM DDR3 - 1600MHz, Unbuffered, 1,5V**
Module type	**System specific RAM**
CompuRAM Part-#	CRM4D3/ACNB16-S005451
Replace OEM Part-#	LC.NB316.4GB
GTIN	4053651226349
Brand	CompuRAM
Listed since	14th Nov 2012
Quickcode	X586A

28,80 € net
34,27 € incl. 19% VAT

✔ > 100 pcs. ready to ship

State: 28th Apr 2024 12:31pm

Trust in our experience and quality:

- 10 years warranty
- 100% compatibility with mentioned target system
- Flexible exchange and return options

Configuration rules

Target system	V5-531 (S005451)
System manufacturer	**Acer**
Category	Notebook

Maximum RAM: **16GB**
Upgradeable Slots: **2**

If Dual-Channel mode is requested, modules must be ordered and installed pairwise.

When it comes to **high-quality memory upgrades**, CompuRAM is one of the top addresses. In addition to DIMM and SO-DIMM from our own CompuRAM brand, we sell high-end Samsung & KIOXIA SSDs and Supermicro components with a focus on B2B customers.

One of our particular strengths is to merge classic product sales with eCommerce solutions developed in-house, thereby offering our customers an **excellent user experience**.

Since 1997, we have been supplying quality-conscious customers with our products and services in Germany, Austria and Switzerland, but also increasingly in the European market. According to our company philosophy UPGRADE WITH KNOW-HOW - we focus on the **satisfied customer**.

The passion for what we do, creativity and the permanent incentive to offer **innovative solutions** make us a long-term successful company in our market segment.

Sustainable quality management guarantees 100% compatibility - with a 10-year warranty on every CompuRAM memory module. Because we stand behind the **quality of our products**.

Our commitment at CompuRAM

Trust and respect are the basis for our teamwork. We are in a continuous process of innovation and value the judgement of all employees who contribute their skills and experience to CompuRAM as part of a diverse team. We also want to work with customers and partners we trust, who value fairness, quality and reliability as much as we do.
