

## Product Data Sheet

### RAM for Fujitsu - Siemens H230 (S002180)

#### Product specifications

Upgrade capacity	<b>2GB</b>
Number of modules	2
Capacity per module	1GB
Module organisation	<b>128Mx64</b>
Design	<b>200pin SO-DIMM DDR2 - 533MHz</b>
Module type	<b>System specific RAM</b>
CompuRAM Part-#	CRK2048D2/FSC1681-S002180
Replace OEM Part-#	S26391-F681-L320
GTIN	4053651316668
Brand	CompuRAM
Listed since	16th Nov 2011
Quickcode	X7BB2

**33,80 €<sub>net</sub>**  
40,22 € incl. 19% VAT

✔ 3 pcs. ready to ship  
Further kits ready for dispatch in  
1-2 working days

State: 23rd Apr 2024 6:08pm

#### Configuration rules

Target system	H230 (S002180)
System manufacturer	<b>Fujitsu - Siemens</b>
Category	Mobile Workstation

Maximum RAM: **2GB**  
Upgradeable Slots: **2**  
Standard installed: **256MB (removable)**

#### Trust in our experience and quality:

- 10 years warranty
- 100% compatibility with mentioned target system
- Flexible exchange and return options

When it comes to **high-quality memory upgrades**, CompuRAM is one of the top addresses. In addition to DIMM and SO-DIMM from our own CompuRAM brand, we sell high-end Samsung & KIOXIA SSDs and Supermicro components with a focus on B2B customers.

One of our particular strengths is to merge classic product sales with eCommerce solutions developed in-house, thereby offering our customers an **excellent user experience**.

Since 1997, we have been supplying quality-conscious customers with our products and services in Germany, Austria and Switzerland, but also increasingly in the European market. According to our company philosophy UPGRADE WITH KNOW-HOW - we focus on the **satisfied customer**.

The passion for what we do, creativity and the permanent incentive to offer **innovative solutions** make us a long-term successful company in our market segment.

Sustainable quality management guarantees 100% compatibility - with a 10-year warranty on every CompuRAM memory module. Because we stand behind the **quality of our products**.

#### Our commitment at CompuRAM

Trust and respect are the basis for our teamwork. We are in a continuous process of innovation and value the judgement of all employees who contribute their skills and experience to CompuRAM as part of a diverse team. We also want to work with customers and partners we trust, who value fairness, quality and reliability as much as we do.
